Our parental community feels welcome and valued as full participants in their child's education . In this time of pandemic they are doing great work

Mother nature always nurture us , always cater our all need we educate our students to be grateful to mother nature . Feeling of gratitude develop them into a kind hearted successful and good citizen . In our school we have a very active and supportive School Management Committee. When leadership is supportive , encouraging and fosters the positive changes the institution blooms day by day we consider ourselves fortunate enough for being a part of such a great committee. In this pandemic era when people have to face the consequences

of long period of lockdown our management committee has decided to give concession in fees to the students which was from 30 % to 50% in different classes. This decision was appreciated by the parents
